Index to Volume 16

Spring, pp. 1–62; Summer, pp. 63–116; Fall, pp. 117–176; Fall Supplement, pp. 1–40; Winter, pp. 177–238.

SUBJECTS

Adolescent(s), rural, cancer prevention program for, 99
Age bias, in underutilization of breast conservation, 29
American Association for Cancer Education
35th annual meeting (from the AACE president), 118
35th annual meeting of (editorial), 63
35th annual meeting of (from the AACE president), 64
35th annual meeting, abstracts (Fall issue supp), 11
35th annual meeting, highlights (editorial), 177
35th annual meeting, program, 169
35th annual meeting, program (Fall issue supp), 1
Continuing Education (section report), 66
Evaluation/Methods (section report), 120
International (section report), 120
mid-year update (from the AACE president), 3
Oral Cancer (section report), 120
Palliative Oncology (section report), 120
Predoctoral (section report), 121
Psychosocial (section report), 121
status report (from the AACE president), 178
Arabic women, knowledge and attitudes of relative to breast cancer screening, 215

Balkans, nursing oncology education in, 139
Blood and marrow stem-cell transplant(s), caregivers' skill assessment with, 93
Breast cancer, age bias in treatment choices for, 29
hereditary, family physicians' knowledge of, 33
hereditary, risk identification for using mammography registry, 46
screening for, Arabic women's attitudes toward, 215
screening for, in California Hmong, 50
screening for, strategies to increase, 55
screening for, teaching of, 72
Breast cancer education, for deaf women, 225
for low-income Latinas, 221
Breast conservation, age bias in underutilization of, 29
Breast disease(s), home study module on, 129

Cancer(s), *see also* individual cancers
Cancer awareness program(s), oral and pharyngeal, 18
Cancer care team(s), multidisciplinary education for, 15
Cancer detection, early cervical, program for, 75
Cancer genetics, *see* Genetics
Cancer management knowledge, instruments to measure, 109
Cancer prevention, *see* Prevention
Cancer risk(s), *see* Risk(s)
Cancer screening, *see* Screening
Caregiver(s), lay, OSCEs in verifying competencies of, 93
Cervical cancer, prevention of, physicians' awareness of, 75
Clergy, cancer education for, 146
Clerkship(s), end-of-life care training in, 163
oncology, for third-year students, 182
Clinical trial(s), primary care physicians' attitudes toward, 188
in rural populations, accrual to, 89
Colorectal cancer, screening for by rural/urban primary care physicians, 199
Communication, with deaf communities, 105
of students with limited-literacy patients, 68
Community outreach, strategies for increasing screening, 55
Compliance, with fecal occult blood test screening, intervention to improve, 85
Computer-assisted instruction, in summer program, 8
Continuing education, of dentists, in smoking cessation counseling, 80
for multidisciplinary teams, 15
in oral/pharyngeal cancer awareness, 18
psychosocial orientation in developing, 24
Cultural issue(s), in Native American cancer education, 142
Curriculum design, in psychosocial oncology, 24

Deaf community(ies), communication with, 105
Deaf women, breast cancer education for, 225
Decision making, in cancer education, 6
Dental hygienist(s), oral cancer examination knowledge of, 150
Dentist(s), Australian, needs of for smoking cessation counseling training, 80
Distance education, factors in participation in and learning from, 205

Education, *see also* Instruction; Patient education; Teaching; Training
moral issues in, 12
multidisciplinary, program for, 15
radiotherapy, of family physicians and residents, 134
undergraduate oncology, of nurses in Balkans and Middle East, 139
End-of-life care, standardized patients in teaching of, 163
End-of-life skill(s), standardized patients in teaching of, 163
European Association for Cancer Education, 14th annual meeting (EACE report), 122
14th annual meeting (editorial), 1, 63
14th annual meeting (guest editorial), 2
15th annual meeting (from the EACE)
European general practitioner(s), moral issues in palliative medicine, 12

Family history(ies), in breast cancer risk identification, 46
Family physician(s), *see under* Physicians
Fecal occult blood test, intervention to improve compliance with, 85
Fellowship training program(s), in pediatric hematology/oncology, 126
Foley, John F. (in memoriam), 117
Fun, treatment role of (reflections), 59

Genetic issue(s), in Native American cancer education, 142
Genetic testing, for breast cancer, family physicians' knowledge of, 33

Hmong, breast cancer screening among, 50
Home study module(s), student performances after, 129
Humor, treatment role of (reflections), 59

Illiteracy, project for communication with patients with, 68
Instrument(s), for measuring knowledge, design and validation of, 109; 156

Knowledge, instruments to measure, design and validation of, 109; 156
Knowledge base(s), education program impact on, 8

Lay caregiver(s), *see under* Caregiver(s)
Lay church leader(s), cancer education for, 146
Learning needs assessment(s), in psychosocial oncology, 24

Literacy, patients with limited, project for communication with, 68

Mammography, *see also* Screening
multimedia education program on, for low-income Latinas, 221
Mammography registry, in risk identification, 46
Mellette, Susan J. (in memoriam), 4
Method(s), for design and validation of instruments to measure knowledge, 156
Mexico, cervical cancer detection in, 75
Middle East, nursing oncology education in, 139
Moral issue(s), educational relevance of, 12
in palliative medicine, 12
Mortality, test for, 185
Multidisciplinary education, program for, 15

National Cancer Institute, Cancer Information Service of (from the NCI), 181
Native American(s), cancer education of, issues in, 142
Needs assessment, of dentists for training in smoking cessation counseling, 80
for psychosocial oncology, 209
Needs-assessment tool(s), for psychosocial oncology, 24
Nursing education, undergraduate oncology, in Balkans and Middle East, 139

Objective structured clinical examination(s), in assessment of lay caregivers' competencies, 93
Oncology clerkship(s), for third-year students, 182
Oral cancer, dental hygienists' knowledge of, 150
Oral/pharyngeal cancer(s), awareness program for, 18

Palliative medicine, moral issues in, 12
Patient(s), low-income, compliance of with screening, intervention to improve, 85
Patient education, videotapes to improve screening compliance, 85
Pattern(s) of care, with clinical trials in rural population, 89
Pediatric hematology/oncology, fellowship training in, 126
Physician(s), *see also* Primary care physicians
cervical cancer prevention awareness of, 75
family, hereditary breast cancer knowledge of, 33
family, radiotherapy education of, 134
moral issues in palliative medicine, 12
Poet(s), in residence (reflections), 166
Prevention, of cervical cancer, physicians' awareness of, 75
program for rural youth, 99
Primary care physician(s), clinical trial attitudes of, 188
risk-assessment accuracy of, 193
rural/urban, colorectal cancer screening by, 199
Primary care trainee(s), teaching screening to, 72
Program(s), *see also* Continuing medical education
oral/pharyngeal cancer awareness, 18
summer, and knowledge base development, 8

Prostate cancer, men's attitudes toward, 42
Prostate-specific antigen test(s), ordering patterns for, 38
Prostate-specific antigen testing, men's attitudes toward, 42
Psychosocial oncology, curriculum development for, 24
needs assessment for among oncology health care professionals, 209
Psychosocial orientation(s), in continuing education development, 24
Public education, for clergy and lay church leaders, 146
of low-income women, for screening, 55
multimedia, for low-income Latinas, 221
Native American, 142

Radiotherapy education, of family physicians, 134
Reading ability, patients with limited, project for communication with, 68
Registry(ies), mammography, in identifying breast cancer risk, 46
Risk assessment(s), accuracy of by primary care physicians, 193
Rural health care provider(s), knowledge assessment tools for, 109
Rural population(s), clinical trials in, 89
Rural youth, cancer prevention program for, 99
Rural/urban physician(s), colorectal cancer screening practices of, 199

Screening, for breast cancer, Arabic women's knowledge of and attitudes toward, 215
for breast cancer, in California Hmong, 50
for breast cancer, strategies to increase, 55
for cervical cancer, in Mexico, 75
compliance with, videotapes to improve, 85
for colorectal cancer, by rural/urban primary care physicians, 199
priorities for of students and residents (letter), 67
for prostate cancer, men's attitudes toward, 42
mammography, education intervention for low-income Latinas, 221
teaching methods for primary care trainees, 72
Screening pattern(s), for PSA testing, 38
Smoking cessation counseling, dentists' needs for training in, 80
Standardized patient(s), in teaching end-of-life skills, 163
in teaching screening, 72
Student(s), communication of with limited-literacy patients, 68
home study module effects on performances of, 129
knowledge bases of, program impact on, 8

Teaching, decision making in, 6
home study module with, 129
of screening to primary care trainees, methods for, 72
Team(s), multidisciplinary education for, 15
Test-ordering pattern(s), for PSA tests, 38
Treatment(s), fun role in (reflections), 59
Treatment failure(s), mortality test to explain, 185

Videotape(s), in intervention to improve screening compliance, 85

Women, Latina, low-income, cancer screening strategies for, 55
Latina, multimedia breast cancer education intervention for, 221
